

Sebastian Priaux

PROFESSIONAL RACING DRIVER

Bio

- BORN **GUERNSEY**
- DATE OF BIRTH **18/01/2001**
- AGE **20**
- HEIGHT **5' 6"**

Introduction

Born and raised in Guernsey, Priaux has been competing in motorsport for over a decade. Starting at just eight years old, the prodigious young talent claimed multiple karting titles before making the transition to car-racing in the Ginetta Junior Championship. Winning the Winter Series title and finishing as overall vice-champion during a two year spell in that series, Priaux went on to win races in single-seaters in the F4 British Championship before making the move into the British GT Championship in 2019 with Multimatic Motorsports.

A superb season saw Priaux win two races and finish as the GT4 class vice-champion, before winning on his Michelin Pilot Challenge debut in the USA. Sebastian's successful partnership with Multimatic continued through 2020 and into 2021 with a spectacular debut in the Porsche Carrera Cup North America, taking victories in Sebring, Indianapolis (x2), Virginia and Road Atlanta (x2) on the way to becoming overall champion.
